# MOMENTS OF LIFE

Winning entries in the JMA International Jewelry Design Competition celebrate the emotional and spiritual gifts worth treasuring in bejewelled artistic creations.

Co-organised by the Hong Kong Jewelry Manufacturers' Association and HKJE magazine, the JMA International Jewelry Design Competition serves as a platform to facilitate communication and the exchange of creative ideas among designers. It aims at promoting design excellence in the jewellery industry and uplifting the standards of jewellery design in Hong Kong.

The 2017 edition attracted 286 entries from designers in 12 countries and regions around the world, including Dubai, Hong Kong, India, Israel, mainland China and Saudi Arabia. One champion and three merit winners were picked in each of the competition's three categories – Open Group I & II and Computer Aided Design.

Designs centred on the theme, TRESOR, which highlighted not only the value of magnificent jewellery but also the beauty of life and the many intangible gifts worth treasuring.
