"To be inspired"

"I felt so much fun during the trip and Tahiti itself has impressed and inspired me a lot. The beautiful landscape, the pearl and the nature made a very deep impression on me.

"An extraordinary experience"

"This is my first time to visit Tahiti and I know I will never forget what I have seen here! It was great and honored to exchange views with the government officials and I know it is never easy to cultivate a Tahitian pearl after visiting a local pearl farm. In a word, I have gained much more that expected.
